Chair Carellas called the special meeting to order at 6:00

It was noted the data center public hearing under MGL 121A originally planned for this meeting was being rescheduled for October 4.

- Review of a plan not requiring approval under Subdivision Control Law for 23 Allen Ave./Romani

Planner Vinskey stated that the plan follows a previous special permit granted for infill/lot size averaging, and the reduced frontage conforms to that decision. Upon a motion to approve by Member Goyette, seconded by Member Crowe, it was so voted with all recorded in favor.

The meeting was adjourned at 6:02.
